

THE MORE DEMANDING YOUR SUBSEA SPECS, THE MORE YOU NEED HOFFER.

Customized flowmeters from Hoffer

Whether aboard an ROV or within a subsea drilling and production system, 15,000 feet below the ocean's surface, no two challenges are alike. That's why Hoffer Flow Controls approaches each application with a fresh perspective. Unlike other companies who are unable or unwilling to meet your specifications, Hoffer meets, and exceeds your expectations. No matter how demanding.
